

HAWORTH

Planes

Training Tables

Planes® training tables work together in dynamic applications to help people stay engaged and connected with learning. Choose from a variety of features to optimize collaboration and adapt to layouts as needed. The Planes family also includes height-adjustable tables, height-adjustable benching, and collaborative and conference tables.

Certifications

- BIFMA LEVEL 3 Certified
- GREENGUARD Certified
- FSC Certified
- May Contribute to Toward LEED Credits
- ETL listed to UL 962 and 1286

Features

- Move Planes tables as needed; daisy-chain power distribution between tables disconnects and reconnects easily
- Choose from seven top shapes in standard Haworth finishes: Rectangle, pebble, hexagon, half-round, crescent, trapezoid, and polygon
- C-Leg bases offer generous knee clearance; worksurface depths are 20", 24", and 30"
- Y-leg bases provide visual continuity with ancillary products; worksurface depths are 30" and 36"
- Flip-tops models allow efficient transport and storage
- Hinged modesty panels in fabric, high-pressure laminate, or premium veneer add visual privacy
- Ganging mechanism connects and aligns tops, supports power distribution, and operates simply for quick table reconfiguration
- The base includes horizontal wire management; legs have a snap-in vertical wire manager
- Bases are available in Integrated Palette™ trim colors or polished aluminum
- Locking and non-locking casters facilitate reconfiguration
