

The springboard for more effective teamwork.

Think faster, align faster, move faster.

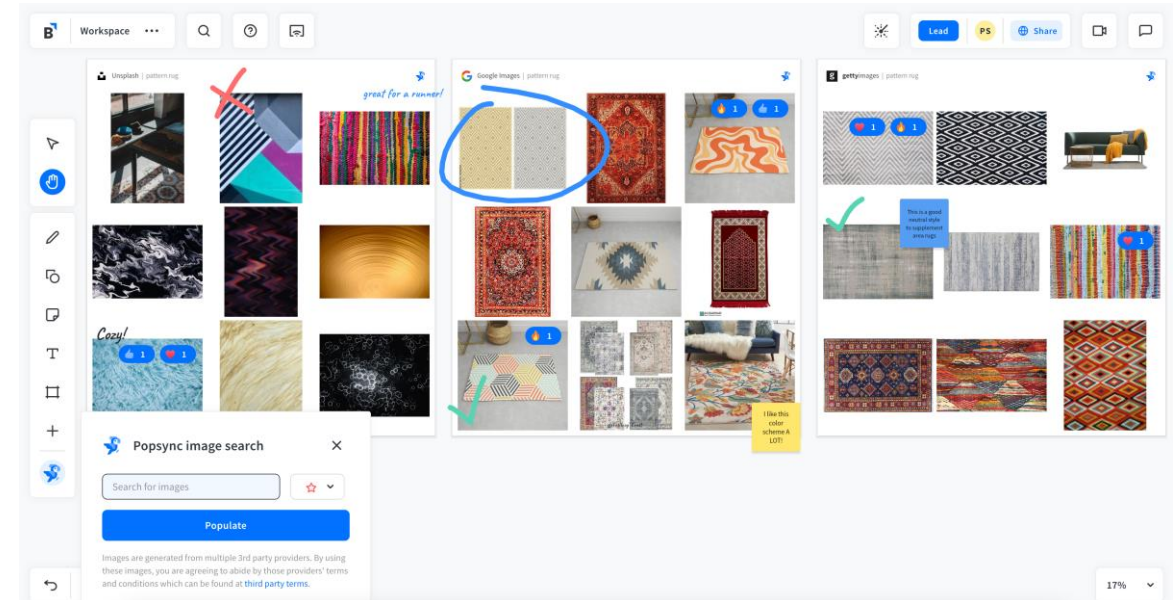

BLUESCAPE ®

There's no such thing as out-meeting the competition.

Bluescape is the springboard that gets your teams to ideas, decisions, actions, and results faster. Unrivaled content sharing and access, innovative image search, and industry-leading security take you beyond basic whiteboarding.

Bluescape is ideal for:

- Agile planning and development
- Brainstorms and ideation
- Customer engagement
- Design and creative reviews
- Virtual project rooms
- Working sessions and workshops

“Whiteboarding, brainstorming, planning, creating presentations and reviews, and decision-making are just some of the ways teams collaborate on Bluescape. This helps employees avoid that dreaded “tool sprawl”—productivity lost from toggling between the dozens of apps and software products to get work done.”

- Fast Company

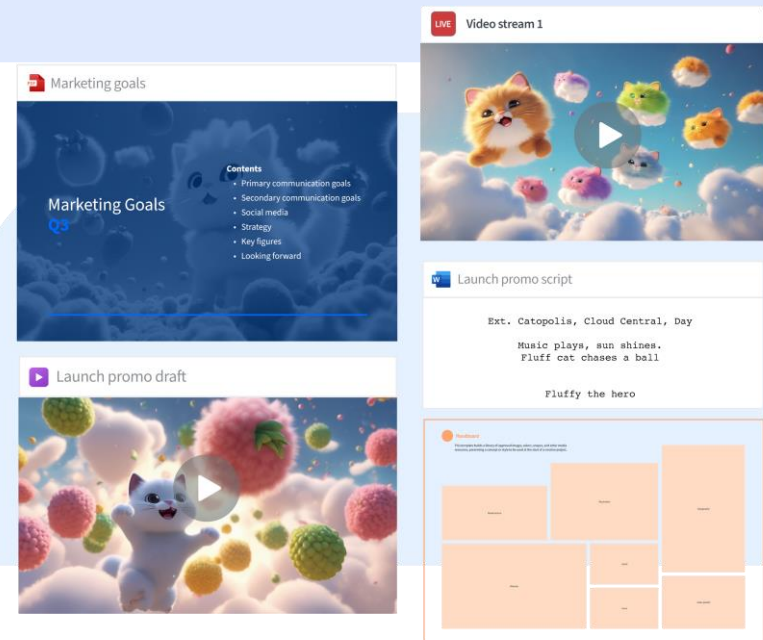

The working-together, brainstorming, all-action workspace.

Fortune 500 companies, leaders in media and entertainment, federal agencies, and the intelligence community all depend on Bluescape for secure visual collaboration.

- Accelerate team alignment
- Ignite imagination and brainstorm
- Improve decision-making
- Increase meeting efficiency
- Unite remote and hybrid teams
