

Compose Echo

Accessory Frame

Compose® Echo workspaces redefine flexibility with a menu of components for an unmatched user experience, supporting fluid shifts between collaborative and focus work. The Compose Echo accessory frame offers three different design options to provide flexible work tool support, externalization of ideas, and/or visual privacy.

Certifications & Accolades

- BIFMA LEVEL® 3 Certified
- Fast Company's Innovation by Design Award Honoree
- International Design Excellence Awards – Silver
- MetropolisLikes NeoCon Award

Features

- Horizontal metal accessory rail allows for the magnetic attachment of markerboard tablets as well as notes and reference materials
- Accessory cups and additional work tools hook over the edge anywhere along the length of the rail
- Available as an open frame or as a solid fabric covered screen that provides additional visual privacy and workspace separation
- Fabric covered frames are tackable to allow additional externalization of ideas and keep reference materials handy
- Fabric covered frames may be specified without the accessory rail
- Mechanically mounts to the top of Compose panels or can be attached with adhesive to any horizontal surface, such as a Cultivate® table
- A range of fabric color options is available
- Available in height options to align with Haworth Integrated Palette dimensional logic
