Compose Echo

Height-Adjustable Table

Compose® Echo workspaces redefine flexibility with a menu of components for an unmatched user experience, supporting fluid shifts between collaborative and focus work. The Compose Echo table provides people control over their workspace through easy movements that accommodate impromptu changes in workstyle, orientation, position, and activities throughout the day.

Certifications & Accolades

- BIFMA LEVEL® 3 Certified
- FSC® Certified
- Fast Company's Innovation by Design Award Honoree
- International Design Excellence Awards – Silver
- MetropolisLikes NeoCon Award

Features

- Height-adjustable design for increased flexibility, mobility, comfort, and choice
- Optional tether connects to the panel to keep the table within a defined footprint while allowing users control over their orientation
- On tethered tables, the unique wire management system routes all power and data cables through the modesty panel for a clean look
- Optional ergonomic under-surface grip adds control and leverage in moving the table
- Large casters enable easy movement and include locks to keep table in place
- Open, onboard storage offers easy access to items in bags, bins, or totes; or use for CPU
- Optional guardrails help prevent pens, pencils, and other objects from rolling off the back edge of the worksurface as the table moves
- Optional footrest provides comfort and support for more postures
- Optional pivoting tray offers easy-access storage that rotates out from under the table
- Works with Compose Echo corner, wrap, and back screens, as well as Belong® and Belong Plus screens
