

Very Task

Seating

Very task chairs provide customizable ergonomic support to enhance the sitting experience. Very adeptly responds to each body's movements with user-controlled comfort, so people can stay engaged and feel productive.

Very® task seating is manufactured in a zero landfill, ISO 9001 and ISO14001 certified facility in Bruce, Mississippi and is transported in freight vehicles with optimized volume for efficient use of loading space. When a product reaches the end of its useful life, customers and partners are encouraged to avoid landfilling and instead pursue second life options.

Material	Material Weight	
Steel	17.92 lbs	(38%)
Plastic	15.22 lbs	(32%)
Aluminum	11.88 lbs	(25%)
Foam	1.17 lbs	(2%)
Other	0.91 lbs	(2%)
Total	47.10 lbs	(100%)

Life Cycle Assessment (LCA)

Carbon Footprint	150 kg CO ₂ eq.
Acidification	0.58 kg SO ₂ eq.
Eutrophication	0.057 kg N eq.
Smog	7.4 kg O ₃ eq.
Ozone Depletion	7.60E-07 kg CFC11 eq.

Impact by Life Cycle Stage

Material Chemistry

Haworth is committed to providing our customers with products that support safe and healthy environments. We are working diligently toward the ongoing reduction of hazardous chemicals associated with parts and materials we source, as new safer alternatives become commercially available.

These include, among others, PVC, benzidine dyes, hexavalent chromium, certain hazardous phthalates, PBDE flame retardants, and those chemicals known to contribute towards ozone depletion.

We are committed to achieving our goal of being transparent with our customers on our progress.

- Haworth Banned Chemical List Compliant
- Healthier Hospitals Healthy Interiors Compliant

*Product configuration dependent. Contact Sustainability@Haworth.com

LEED v4 Contributions

Very Task contributes to LEED v4 Certification through the following credits:

- Low Emitting Materials: Product complies with ANSI/BIFMA e3-2014e Credit 7.6.1, 7.6.2 and 7.6.3

* Product may support additional credits - contact a LEED AP or Sustainability@Haworth.com to learn more
