

The image features a vertical composition. On the left, there is a close-up of two textured materials: a tan-colored material with a repeating chevron or herringbone pattern, and a black and white houndstooth pattern. A large, smooth, black circular object, possibly a lens or a button, is positioned in the lower-left quadrant, overlapping both textures. The word "HAWORTH" is printed in a dark, sans-serif font in the upper-left corner of the tan textured area.

Lead Time Guide

Standard On-Demand Textiles

North America

Updated August 15, 2025

Lead Time Guide

Standard On-Demand Textiles | North America
August 15, 2025 Edition

Textile Lead Time Policy

Textile lead times are calculated from the date of clean order receipt to the date of textile delivery to Haworth. They do not include Haworth production lead time or transit time to the final destination. All lead times—whether for stocked or on-demand fabrics—are subject to change based on order volume and supplier capacity. Please refer to the specific product's Lead Time Guide for any additional lead time considerations.

Orders containing multiple products will default to the longest lead time unless manually reassigned to a different delivery group. Tailored Solutions, Customer's Own Material (COM)/Customer's Own Leather (COL) orders, and Haworth Alliance fabrics may carry extended lead times not reflected in this program. Initial acknowledged ship dates may be revised if further evaluation is required.

For high-volume projects, please contact your customer service representative to confirm textile lead times. For expedited programs (e.g., mock-ups, corrections, completions, Haworth NOW, Rush), we will make every effort to accommodate, but textile lead times may impact overall delivery timing. For order-specific confirmation, please reach out to your customer service representative.
