## Screens

- Screens are designed to provide an element of privacy and are non-structural and non-load bearing.
- Screens are available on both starter and adder straight, curved and square corner units.
- Screens available on mid-back units only.
- Specified screen width must match seat width. Arm specification will determine actual screen width.
- Overall height is 48"(1219mm) from floor.
- Return depth is 20"(508mm).
- Screen thickness is 0.5"(13mm).
- Screen upholstery is applied Railroaded.
- Patterned materials will not be pattern matched.
- Separately specified alignment clips are required between multiple screens.

## Straight Screen

### Features

# Product Compatibility and Limited Warranty Policy

## Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

## Our Commitment To Product Compatibility – Integrated Product Platforms

As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

## Our Commitment To Product Quality – The Haworth North America Limited Warranty

To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the limited warranty including its terms and conditions, please go to:
