

Lud'o

Cappellini | Patricia Urquiola | 2020 | Made in the United States

Features and Specifications

Lounge Chair with Cone Base

The seat shell is made of rotationally molded linear polyethylene, which is made from recycled material and can also be recycled at the end of its life. The metal cone base is powder coated and features a swivel mechanism. The glides are grey felt. The seat cover is removable and exchangeable, and padded with polyurethane foam and polyester fiber. The cover slips over the chair's shell and has zippers which secure it in place. A black and white elastic drawstring with a black plastic fastener also help to fix the cover in place.

Lounge Chair with Four Spokes

The seat shell is made of rotationally molded linear polyethylene, which is made from recycled material and can also be recycled at the end of its life. The base is made of ash with an inner structure that is made of metal and features a swivel mechanism. The glides are black plastic. The seat cover is removable and exchangeable, and padded with polyurethane foam and polyester fiber. The cover slips over the chair's shell and has zippers which secure it in place. A black and white elastic drawstring with a black plastic fastener also help to fix the cover in place.

Pouf

The metal base is powder coated and rests on felt glides. The padded cover is removable and exchangeable. The cover slips over the pouf's shell. A black and white elastic drawstring with a black plastic fastener help to fix the cover in place.

Additional Notes

Meets ANSI/BIFMA X5.4 Standard for Lounge and Public Seating.
