Features and Specifications

Cabinets and Consoles

The case is made of high density fiber conglomerate panels which are finished in a matte paint. The doors, drawers, and shelves are made of poplar plywood, covered in aluminum and painted. The base is made of steel and is painted to match the rest of the cabinet or console.

Additional Notes

"Door" refers to a door which swings open either left or right. "Flap Door" refers to a door which folds open downward. "Sliding Door" refers to a door which glides along a set track.
