

Diagonales

GAN | Patricia Urquiola | 2017 | Made in India, Imported from Spain

Features and Specifications

Area Rug

Diagonales rugs are comprised of 100% recycled polyethylene terephthalate (PET), and are made using a hand loom technique. Rug thickness is approximately 0.4" (10mm).

Additional Notes

Diagonales rugs are intended for indoor and outdoor use. However, color will fade over time when placed in direct sunlight.

Each rug is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the material or color are not errors or defects.
