Features and Specifications

Collaborative Tables

The legs are made of die-cast aluminum in a polished aluminum finish. The legs have adjustable glides, providing 0.6" (15mm) of vertical adjustment. The supporting beam is made of steel tubing which is powder coated in a metallic silver finish. The glass top is 0.5" (12mm) thick tempered glass with a straight edge. The wood top is made of 1.125" (28mm) thick MDF with a natural wood veneer coating and a 14 degree knife edge.

Additional Notes

Bay tables with glass tops can be used with dry erase markers.
