

## Features and Specifications

### Stacking Side Chairs

Stacking side chair with sled base. Upholstered seat and back with mesh portion on lower backrest. The frame is made of a steel tube. Arm caps are available in leather (matching the seat and back color), or in wood. Glides are plastic or felt. Stacks four chairs high.

### Standard and High Back Side Chairs

Side chair with sled base. Upholstered seat and back with mesh portion on lower backrest. The frame is made of a steel tube. Arm caps are available in leather (matching the seat and back color), or in wood. Glides are plastic or felt.

### Conference and Executive Chairs

Five spoke base with either soft or hard casters. Upholstered seat and back with mesh portion on lower backrest. The aluminum loop arms are available with arm caps in leather (matching the seat and back color), or in wood.

## Additional Notes

COM yardage:	0.8 linear yards (stacking side chairs) 0.8 linear yards (standard side chairs) 0.8 linear yards (high back side chairs)
COL square footage:	9.9 square feet (stacking side chairs) 14.4 square feet (standard side chairs) 19.8 square feet (high back side chairs)
