Collaborative Tables

HAWORTH

Planes designed by Nicolai Czumaj-Bront & Dan West

Planes® training tables are flip-top tables on casters that offer easy mobility, nesting, storage, and wire management for integrating power solutions—ideal for group work and learning applications. The Planes family includes a wide variety of tables and supporting products for multiple environments.

Jean-Marie Massaud
Jean-Marie Massaud has dedicated himself to industrial and furniture design. Born in Toulouse, he worked both in Asia and in France before opening his own office in Paris in 1994. His contextual approach centers on research into the essential and a focus on the individual. Since collaborating with Marc Berthier his work in city planning has led him towards design and architecture. Many of his designs are in the collections of major museums worldwide.
