

HAWORTH

Planes

Conference Tables

Planes[®] conference room tables help people work together—in quick meetings, team gatherings, and formal interactions. Thoughtfully designed for technology integration, they meet your needs today and as technology evolves in the future. The Planes family includes a wide variety of tables and supporting products for multiple environments.

Jean-Marie Massaud

Jean-Marie Massaud has dedicated himself to industrial and furniture design. Born in Toulouse, he worked both in Asia and in France before opening his own office in Paris in 1994. His contextual approach centers on research into the essential and a focus on the individual. Since collaborating with Marc Berthier his work in city planning has led him towards design and architecture. Many of his designs are in the collections of major museums worldwide.
