

HAWORTH

Overbed

Tables

Overbed tables give patients a place to eat, read, or work while comfortably supported by a bed, chair, or recliner. The low-profile base slides under chairs, wheelchairs, and beds to bring the table surface to the patient. These height-adjustable overbed tables are available in three top shapes.

Details

- Anodized aluminum column and heavy-duty steel base
- Tops available in laminate or Thermofoil with or without a spill guard top
- Height-adjustable from 30" (76 cm) to 41" (104 cm)
- Dual-top with integrated cup holders can be folded and unfolded with one hand
- Holds up to 100 pounds (45 kgs) of evenly distributed weight
- Accessories include storage basket and a vanity drawer with a mirror

Sustainability

We are committed to designing all Haworth products using circular design principles through sustainable materials, product use extension, and responsible end of life.

Haworth Design Studio

The Haworth Design Studio collaborates with research and development partners worldwide to identify, develop, and launch innovative products. With design centers in three key locations—China, Germany, and the United States—the team focuses on creating multi-generational products and global platforms designed with regional needs and preferences in mind.
