2 Fauteuil Grand Confort, Petit Modèle

Lounge Chair

The 2 Fauteuil Grand Confort, Petit Modèle lounge chair expresses rationalism in design, as well as good taste. Its exposed steel structure is as much an artistic statement as it is functional. Frames and cushions, upholstered in LCX leather or Kvadrat® fabric, can be color-coordinated. This iconic chair is part of the Museum of Modern Art's design collection. Le Corbusier, Pierre Jeanneret, & Charlotte Perriand

In 1922, Le Corbusier began working with his cousin Pierre Jeanneret, with whom he shared research projects and design criteria in a profound and life-long professional relationship. Five years later, the pair decided to draw on the contribution of a young architect, Charlotte Perriand. The resulting designs were of great intellectual value and considerable commercial success.
