

HAWORTH

# BuzziBalance

Pouf

BuzziBalance is a rocking pouf that brings the benefits of purposeful stretching to work. The curved base board serves as a muscle activator to encourage movement. Similar to a stability ball, BuzziBalance helps improve balance and posture. Three sizes are available. Choose from an array of fabric options, which are upholstered over acoustic foam to absorb and diffuse sound.

#### Details

- Acoustic performance: absorption and diffusion for low tones, mid tones, and high tones
- Made from plywood, medium-density fiberboard (MDF), and pinewood core, filled with acoustic foam
- Curved base board is solid natural ash
- Available in three sizes

#### Sustainability

We are committed to designing all Haworth products using circular design principles through sustainable materials, product use extension, and responsible end of life.

## Statement of Line

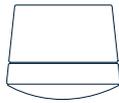

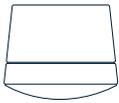

### Low Small Pouf

## 13&9 Design

Founded in 2013 by Martin and Anastasija Lesjak in Graz, Austria, 13&9 Design is a transdisciplinary design studio. Their work merges architecture, interior design, product design, and fashion, emphasizing sustainability and social consciousness. The studio's projects have been recognized globally and published in various design and architectural media.
