

HAWORTH

Upside

Height-Adjustable Benching

Upside® height-adjustable benching consists of attached freestanding desks. Standing and changing postures throughout the day help people feel better and more productive while working. Upside features two-desk, three-desk, and four-desk configurations, as well as compatible screens and storage. It's a great solution for any workspace.

Details

- Available in one-sided, two-sided, or three-sided 120° configurations.

Sustainability

We are committed to designing all Haworth products using circular design principles through sustainable materials, product use extension, and responsible end of life.

Haworth Design Studio

The Haworth Design Studio collaborates with research and development partners worldwide to identify, develop, and launch innovative products. With design centers in three key locations—China, Germany, and the United States—the team focuses on creating multi-generational products and global platforms designed with regional needs and preferences in mind.
