WOOD PLACES® TABLE DESK
Installation Instructions

1. Place table desk upside down on clean carpeted or padded surface.
2. Slide leg hanger bolts into the holes in the corner bracket of the desk top (Fig. 1). **NOTE: Make sure top of leg is flush against surface of desk, allowing shoulder screws to engage in modular clip.**
3. Install a lock washer and hex nut on hanger bolts. Tighten hex nut until lock washer is flat.
4. Repeat steps 2 and 3 on other three (3) legs. Carefully lift table desk and place upright.
5. Adjust glides as necessary to level desk.
