Why Haworth? Pourquoi Haworth?

En tant que l’un des plus grands fabricants de mobilier pour espaces de travail au monde, nous avons consacré des décennies à étudier la façon dont les gens travaillent. Nous comprenons que vos espaces doivent performer à plusieurs niveaux.

Au sein de notre entreprise, vous trouverez des solutions pour vous aider à créer des espaces de travail qui ont fière allure, devancent les changements, soutiennent plusieurs applications, optimisent la technologie et offrent une qualité et durabilité indéniables.
Category 1:  
Interconnecting Panels and Freestanding Systems

Compose® Systems  
DESIGNED BY STUDIO & PARTNERS & BOB WAYNER

Today’s workspaces must be highly versatile to support collaboration, communication, and individual work—often all at once. Offering panels of varying heights and freestanding options within an integrated system, Compose provides global cohesiveness, as well as the adaptable functionality needed for ever-changing workstyles and environments.

See webpage

Please note: multiple sizes, configurations and finishes available to correspond with standard SA requirements.
Intuity® Benching
DESIGNED BY BANGDESIGN & HAWORTH DESIGN STUDIO

Intuity makes it easy to design an engaging, collaborative environment that supports a variety of workstyles. Intuity’s simple kit-of-parts design makes changes quick and simple, while providing opportunities to maximize space—now and in the future.

Beside® Storage
DESIGNED BY HAWORTH DESIGN STUDIO

Beside Storage features a light-scale, residential aesthetic that responds to the blending of the work office and home office. Beside can be used alone in a storage-based application, or together with Reside Desking to provide a wide range of application and planning.

See webpage

Please note: multiple sizes, configurations and finishes available to correspond with standard SA requirements.
A Series® Storage
DESIGNED BY STEFFEN LIPSKY

A Series broadens the breadth of application and design options and furthers the aesthetic flexibility needed to enhance the workplace.

---

**X Series® Casegoods**

DESIGNED BY STEFFEN LIPSKY

Fluctuating business climates require organizations to adapt quickly and efficiently as priorities change. Your furniture must be nimble enough to respond to organizational changes—and your budget. X Series desks and casegoods adapt to your floorplate. Flex and grow. Convey your culture. Effectively leverage inventory. Accommodate your business needs with a variety of X Series applications without letting go of quality.

Category 5: Ancillary and Lighting Products

Monitor Arms
DESIGNED BY HAWORTH AND ERGOTRON

These fully adjustable monitor arms enable precise positioning of monitors, TVs, and tablets for greater productivity and ergonomic comfort. With a diverse selection, they enhance flexibility, encourage collaboration, and promote well-being for a wide range of users. They support single or multiple displays to free up worksurface space and help work flow efficiently.

See webpage
Technology Accessories
DESIGNED BY ERGOTRON

Outfit your workstation with technology accessories to help make you more comfortable at the computer and enhance efficiency. Highly flexible, these options give you more control over your space. The tools fit a wide range of workspaces and workstyles as they accommodate individual ergonomic needs.
